NEBS Newsletter Editorial

Most editorials at this time of the year cover breeding preparation and the past shows so I thought we could do something different this year.

I would like to update members on the changes by the ANBC that are approved and/or prepared for implementation in the future –

Ring Issue Date will revert to January 1st however no implementation year date can be set until the ring maker is contacted and the ANBC can get confirmation from them. It certainly will not be until at least 2015 as we already have our 2014 rings on order. South Australia voted against this action as we will now have to revert to showing birds that are mostly less than 12 months old given our weather patterns. This will not give the lesser varieties time to fully mature for the National show.

ANBC National Show Date will be changed again back to the 4th Friday in May from 2016. That lead time is required as arrangements have already been made by both WA and Tasmania in venue bookings.

Show Cage Perches will revert to 12mm at the conclusion of the 2015 Nationals and this will mean cages used for the Nationals will all have this standard perch fitted. Given SA was by far the most advanced with the change the BCSA will need to assess our states position regarding this matter.

Two Bird Three Bird Trial – a motion has been advised by Tasmania that they will seek to approve in June 2014 the three birds benched with two for points process and also ask states to vote individually on the new classes that have and will again be trialed.

Standard Matters –

Suffused class will now be correctly called Dilutes.

Grey Series will be allowed within the Blackeye class however the colour of Buttercup yellow will be the prominent feature of this variety.

The two Yellow Faced Blue variants will now be called Australian Golden Face and Yellow Face.

We will keep you informed as matters are confirmed.

One of the features of the new site is the Photo Gallery where photos of the winning birds at Club and State Shows can be viewed.

The site will also feature information about the 2104 Nationals in Adelaide. Detailed information about the Nationals will be posted when and as it becomes available. Initial information about the venue and accommodation is already posted on the site.

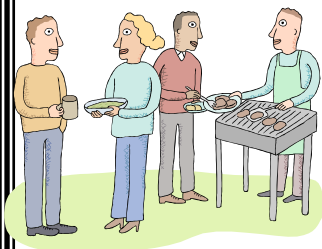

The new **NEBS** website is a subset of the BCSA website and can be accessed by clicking on the NEBS logo on the BCSA Homepage or directly at www.bcsa.com.au/?page_id=992. Information currently available on the site includes the NEBS Monthly Meetings Program and the Night Show Schedule.

To all BCSA members;

The ANBC would like to get feedback from their State / Zone bodies on what might be deemed as MAJOR faults within the attached document.

Once identified, it would be advantages to nominate if the thought was to DISQUALIFY or treat differently or the same any of these identified faults

I will give three examples that might be considered:

Flecking:

Major fault – should be removed from the bench (Disqualify). Need to phase in the total disqualification in steps over a 5 year period

Missing Flights:

Major fault – if more than 4 flights missing collectively regardless of placement (Disqualify). Need to phase in the total disqualification over a 2 year period

Missing Flights:

Fault – if up to 4 missing collectively (Penalty)

The above are a guide only for standardising the submissions to me from those that wish to respond.

The cut off date we shall make the 10th of September so this gives all fanciers some time to consider.

It might be that other items not listed could be included

Change to the BCSA Status Movement Rules

Novice Section: A member when first joining a BCSA Affiliate / Associate Society must show in the Novice Section and will remain in this section until such time as the member has gained 20 points from recognised shows with at least three different owner bred birds within a 3 year period. Once the points have been achieved the member will automatically be elevated to Intermediate Section on January 1st of the following year.

A Novice can also apply to be promoted after 5 years if not promoted by points within that period.

Promotion is to be conditional on an assessment of the overall competitiveness of their birds by BCSA nominated judges. The commencement of the five year period is retrospective to the commencement of the Status Movement Process in 2010.

TREASURER'S REPORT 2012/2013

Hello fellow budgie breeders. Another financial year is over. Doesn't time fly! As mentioned in previous reports, we took in less in membership fees due to the pay 4 years get 1 year free, so our income is down several hundred dollars due to this. We appear to have spent more than we received, but this is due to us opening up the Incentive Saver Account. Plus rings and trading table purchases that haven't been sold yet change things too. We also spent big on trophies this year, as seen by the expenditure column under Show Costs. However, finances are still going well due to a good start at the beginning of the financial year. I look forward to bringing you a Treasurer's Report again next year. Vicki Sanford.
